Model DL-20 in choice of Bronze Green and Sky Blue.

KEEP FIT WITH SHAPE-MATE®
New Exerciser from Raleigh

Enjoy much of the fun and physical fitness you get from bicycle riding without leaving your home or office . . . the Shape-Mate® Exerciser, built on the tension principle, simulates the cycling effort required for free wheeling and hill climbing at various levels of incline by means of a simple lever.

Made of strong tubular steel for solid support, Shape-Mate® occupies only 3.2 sq. ft. of floor space when in use and folds for easy self-standing storage in 2 sq. ft. of space. Equipped with speedometer and odometer to indicate speed and distance, comfortable saddle and handlebars easily adjusted with quick release levers . . . no tools needed, specially designed pedals with rubber foot rests and toe straps . . . comfortable even when barefoot.

Model XL 15 available in 4 compatible decorator colors: White, Powder Blue, Yellow, Lime Green.
The mark of a Real Raleigh is the Heron Crest and only bicycles bearing this emblem are made to the exact specifications and with all the special quality features described in this catalog and shown below:

**Unmatched Flamboyant Color Finishes:** Standard hand-painted production colors, with an exclusive 5 step electrostatic coating process with layers of primer, powderized rubber, undercoat and 2 coats of high gloss finishing lacquer.

**FINISH** — Raleigh enameling and nickel-chrome plating are recognized the world over as the finest due to the rust-proofing method and over 50 years experience in the world market.

**FRAMES** — Made of highly tensile (230) steel tubing joined by lugs fitted with inner liners, every joint sealed and precision brazed to hold a lifetime.

**FORKS** — Are of tubular steel especially designed and tapered for lightness, maximum durability and shock-absorbing resilience. Individual brazed-in tips insure true axle alignment identified by distinctive Raleigh Thimble Design.

**BOTTOM BRACKET ASSEMBLY** — Precision Machined through 30 separate operations, features turned axle and cups fully lined with individual ball bearings for friction-free operation.

**RIMS** — All steel, section tubular Raleigh pattern rims for extra strength. Standard on all models.

**MOVING PARTS** — Every moving part is fully ball bearing with machined cones and caps. Parts remain tight and dirt free.

**TIRES** — New Dual line Nylon extra strength tires by Dunlop standard on all 26" wheel models.

**BRAKES** — Machined steel caliper hand brakes engineered to give a safe and sure stop.

**SHOCK-STOP RUBBER GRIPS** — Standard on all 26" wheel models.

**CRANK** — Square three-piece Machine forged cranks with turned spindle for strength and smooth pedaling. Famous Raleigh Chainwheel with forged Heron design.

**HUBS** — Sturmey-Archer, of course, our own hubs recognized the world over. They are dependable and trouble free.

**AW—3-speed wide ratio gear with free wheeling. TCW—combines 3 speed gear with coaster brake. SC—single speed with foot brake (coaster).

**Another Raleigh Exclusive** — Revolutionary New design. Sturmey-Archer patented 5-speed hub with fully enclosed gears gives smooth effortless acceleration from extra low to overdrive. Standard on sprite and 3+2 chopper models.

**5-SPEED GEAR RATIO**
